

# District 38-I Lions of Nebraska

## Individual Assistance Supplement Fund Guidelines for Grants

Lions, Lioness, and Leo Clubs from District 38-I may apply for a matching grant in an amount not to exceed \$500 to aid an individual the Club desires to assist. The applications could be for any personal needs that have been investigated and

approved by the Board of the Club submitting the application. In May 2021, it was approved to provide matching funds for community projects also. For any community project you do and contribute up to \$1000, this fund will match at a rate of 50% up to \$500 for community projects.

Applications are to be submitted to the District Governor. Each club may submit multiple applications during the Lion's fiscal year, which will be reviewed but may not be approved if funds are not available. See the Who's Who or MD38.com website for contact info for the District Governor. The decision to approve each grant application will be made by the District Governor, with advice from the Individual Assistance Chairman. Only one application will be approved for any individual each Lions fiscal year.

No Club should obligate itself, or the District, to fund a project until after the approval of the application by the District Governor (approval may be denied based on lack of funds or other reason). Do not apply for the grant until the Club has made a thorough investigation. Be specific in the form below as to the "reason for the request". **DO NOT** apply for assistance to a Lion or immediate family. Specify what the money will be used for, and why the Club feels assistance from the Lions is advised.

With the completed application, enclose proof of the Club's contributions, i.e. a copy of the Club's check which has been made payable to the provider (or other appropriate payee). Please attach a copy of receipts/invoices. If the grant is approved, the District check will be sent to the Club, made payable to the service provider or the Club. The check will **NOT** be payable to the individual receiving assistance.
