

# Attention Health Care Professionals!

---

Did you know that the Lions collect used eye glasses and hearing aids? Well they do! Used eyeglasses are reconditioned and distributed to those in need, especially in countries outside of the United States. Used hearing aids are also reconditioned, but most are distributed right here in Nebraska.

You can help! Please collect used eye glasses and hearing aids for the Lions and/or encourage your clients to donate their used glasses and aids to the Lions of Nebraska. The point of contact for the local Lions Club is:
